AT SEA.

The Republican State Convention met here yesterday for the purpose of nominating a Congressman and State ticket. The number of delegates in attendance is about equal to that in the bolting convention two years ago. There are three delegates from Elko, none from Eureka, one from Lander (the State Controller), one from Humboldt and one from White Pine. The deficiency is made up, however, by members from Ormsby and Washoe, who represent individuals, not the party, as no primary elections were held in several counties and there are no Central Committees in those counties to appoint delegates. The Convention is, therefore, composed of some delegates who were elected at primary meetings and others who represent only themselves, as they were neither elected nor appointed.

The delegates say it is difficult to get candidates for the several offices. There are not many of the old war horses who are willing to sacrifice themselves for a party name. Colcord, Horton, Bartine and other standard bearers will not enter the fight unless forced to do so. The delegates admitted that they were like an army without a general. All looked to Cleveland of White Pine, who arrived late in the afternoon, to bring order out of chaos.—Journal.

CLEVELAND IN DEMAND.

Eight years ago A. C. Cleveland, a life-long Republican and party leader went before the Republican Convention in this city and asked that his party services be recognized by the gubernatorial nomination.

He went before the Convention with the assurance that he would be the nominee, but was beaten by Enoch Strother.

Well, Cleveland had a good many warm friends in the State and they repudiated the ingratitude of the Republican party by turning down the regular nominee.

Cleveland said nothing, chewed his cud in silence and on Friday he had his revenge. The men who turned him down eight years ago were almost on their knees to him in Reno begging him to accept the nomination for Governor and help hold the party together. He let them talk two hours before he consented and then accepted the nomination as a personal favor to the party.

It must have been a sweet revenge for Cleve to see the party at his feet in the hour of distress. They could have selected no better man now and they could not have done better eight years ago. The stone which the builders refused has become the head of the corner.

The Republican Ticket.

The following is the Republican ticket nominated in Reno yesterday. Governor, A. C. Cleveland; Lieutenant-Governor, Frank Emmett; Secretary of State, E. D. Vanderleith; Treasurer, Geo. Richards; Controller, C. H. Gray; Supt. Pub. Instruction, Orvis Ring; Surveyor General, G. N. Folsom; State Printer, J. Eckley; Atty Gen'l, J. W. Torreyson; Supreme Judge, M. A. Murphy; Regent, Long Term, J. Haines; Regent, Short Term, Dr. Patterson; Judge 1st District, Richard Rising; 2nd District, E. R. Dodge; 3rd District, passed; 4th District, E. Poujade.

Ignored the Convention.

The Reno Republicans at their Convention were anxious to have Newlands accept the Congressional nomination from their hands, but he went through on the train to San Francisco and ignored the convention. There were a lot of elongated faces in Reno after the train pulled out.

It cannot be denied that the Republican nominee for Governor is a sterling man in every sense of the word. He has had an honorable career, and is a man of brains. It would be hard to find a man in the Republican party in this State of better capacity than A. C. Cleveland. In the old bible days when they sacrificed a lamb they took the pick of the flock, and they have done so in this instance.

COAST NEWS.

Three tramps arrested at Rocklin are supposed to have murdered a soldier at Ogden.

The raisin combine at Fresno has sent out canvassers to secure signatures sufficient to cover the control of the output and keep up prices.

Two men were arrested at Sacramento Thursday on the charges of counterfeiting. A raid on their den resulted in the capture of a part of their outfit.

Forest fires have destroyed the building at the Summer resort of Hot Springs, about sixty-seven miles east of Tacoma. A railroad section house was also burned.

J. C. W. Watson, a San Francisco auctioneer, shot Adam Brehm in the neck at Marysville Thursday. Watson had an objection to Brehm carrying on a conversation in German in his presence.

Simply Horrible.

New York, Aug. 25.—A special from Panama gives the following details of a recent double murder by Indians in Bolivia. The Indians of Karangas killed the magistrate of the court of Orus, Senor Arce, and his son. In the presence of the father they clipped out the son's tongue, extracted his eyes and other organs, tortured him until he was dead, and the blood flowed from the body. They caught it in horn cups and drank it. They then put the father to death in a like horrible manner. A carnival of cannibalism was then held over the dead bodies until the flesh was eaten to the bone.

It is said that even some of the old chronic office holders of the party didn't want to run after they saw the situation at Reno, but were whipped into line on the ground that they had sucked pap so long that they ought to make some personal sacrifices for the party. So they were all laid out on the party altar and the pile lighted.

A barbecue was recently held at Enterprise, Miss., by a large crowd of negroes, at which it was decided to send two of their number to Africa to examine into the condition of that country. If, on their return, the report is favorable the negroes of that section declare they will leave en masse and settle in the land of their forefathers.

People who contemplate a trip to the mountains for an outing can not do better than pack up and go to the Rubican Springs. The best way to reach the Springs is by McKinney's Lake Tahoe, thence by stage eight miles, through a wild and picturesque country. Wade Clarke the proprietor, has made a number of improvements and the place is more attractive than ever before.
